FORCED MIGRATION:  
TELL CONGRESS AND  
PRESIDENT OBAMA TO KILL  
PRESIDENT BUSH'S NAFTA-  
STYLE FREE TRADE  
AGREEMENTS WITH PANAMA,  
SOUTH KOREA, AND COLOMBIA!**

Dear Senator \_\_\_\_\_, Senator \_\_\_\_\_,  
Representative \_\_\_\_\_ and President Obama:

I urge you to publicly oppose the Panama, South Korea, and Colombia Free Trade Agreements. These NAFTA-like trade agreements will destroy the rural economies of these nations, by requiring them to eliminate their tariffs on imports from US agribusiness. Tariff elimination under NAFTA resulted in the destruction of 1.3 million Mexican peasant farmers' livelihoods and a 60 percent jump in Mexican immigration to the US. The trade agreements would enable subsidized US agricultural products to flood these nations at prices below their cost of production resulting in unfair competition. and would deprive large numbers of farmers of the means to earn their livelihoods leaving many with no choice but to emigrate for economic survival.. Say no to NAFTA for Panama, South Korea, and Colombia! Please reply with your opinions on this issue.
