

Dear Senator _____, Senator _____,
Representative _____, and President Obama:

I urge you to publicly oppose the US-Colombia Free Trade Agreement This the expansion of the flawed NAFTA-CAFTA model will just outsource more U.S. Jobs and force downward pressure on our wages. There are serious problems with the Colombia agreement, such as their likelihood to increase drug trafficking and violence, whose labor laws fall to meet the International Labor Organization (ILO) standards. This FTA WILL NOT create jobs in the U.S., whose manufacturing sector lobbying pro-FTA, already outsourced their factories to another countries in the last two decades as consequence of these neoliberal policies (FTAs). I also urge you to oppose the Panama and South Korea FTAs. Please write to me to tell me how you intend to vote on these agreements.
