

# Defend Forests and Indigenous Peoples

## Oppose the Panama and Colombia Free Trade Agreements!

Dear Senator \_\_\_\_\_, Senator \_\_\_\_\_,  
Representative \_\_\_\_\_ and President Obama:

In support of indigenous peoples' rights and in defense of endangered forests, I urge you to oppose the US-Colombia and US-Panama Free Trade Agreements. These agreement will promote ecologically devastating resource extraction projects in indigenous territories without community consent, in direct violation of the UN Declaration on the Rights of Indigenous Peoples. The agreements afford no additional protections to the human and legal rights of indigenous communities and only minimal environmental safeguards. However, foreign corporate investors in extractive projects are granted the right to sue Panama and Colombia for unlimited sums in international tribunals if the governments cancel extractive projects in order to protect the environment and community health. Dozens of indigenous leaders and their family members have already been assassinated for opposing these agreements. **Please write back to tell me how you intend to vote on these agreements.**
